

You trusted us with their childbirth, you can trust us with their childhood.

The Spence and Becky Wilson Baptist Children's Hospital, part of the Baptist Memorial Hospital for Women, offers specialized pediatric services, including The Helen and Jabie Hardin Pediatric Center, P.D.'s Perch outpatient center, specialty pediatric surgeries and a pediatric emergency room with sub-specialty coverage.

The inpatient unit, known as the Hardin Pediatric Center, is for patients admitted by their primary care or the ER physician who believe that more extensive care in the hospital is needed. Special features include:

- Spacious, elegant, family friendly rooms
- A DVD system in every room with the latest movies available for all ages
- Round-the-clock pediatric physician and nurse coverage

P.D.'s Perch is for outpatient testing ordered by a primary care physician. The Perch has a private waiting and play area with trained nurses and child life specialists who can prepare your child for any of the following procedures:

- Full-service lab
- Diagnostic X-rays
- CT scan
- Ultrasounds
- EKG
- MRI
- IV fluids
- Injections
- Foley catheters
- Fluoroscopy

Discuss with your primary care physician about having your child's surgeries at the Spence and Becky Wilson Baptist Children's Hospital in a patient centered environment. All pediatric surgeries are facilitated by a pediatric board certified and fellowship trained anesthesiologist providing the very best care.

- Ear, nose, and throat
- Orthopedic
- Plastic surgery
- GYN
- Ophthalmology
- General Pediatric Surgery

The new Pediatric Emergency Room is now open. The ER accepts all insurances for emergency treatment. If your child needs to be admitted, they will be transferred to the facility under your insurance coverage.

For pediatric information, please call 227-PEDS (7337).
